## Introducing HOOP EASY STABILIZERS!

This is a thoughtful line of stabilizers, batting, and toppers for machine embroidery. Made in the USA by our trusted partner, Bosal.

From wash-away to tear-away to sew-in, we have you supported - and even topped with our Hoop Easy Topper! Looking for a sticky back? We have that too!

The Hoop Easy Machine Embroidery Batting works as a stabilizer and requires no additional stabilizer. Simply hoop the batting and away you go!

The Hoop Easy 100% Cotton Batting is very convenient for small projects. It is very loft and perfect to use in in-the-hoop projects.
